- Drama (5-6)
- Library (K-6)
- Music (K-6)
- Physical Education (K-6)
- Science & Technology (K-6)
- Visual Arts (5-6)

Synthetic Phonics - From Kindergarten to Year 2, students are taught to read by incorporating the systematic, explicit and direct instruction approach of Synthetic Phonics into our daily Literacy program. Synthetic Phonics is the synthesising or blending of phonemes (sounds) to make a word, enabling children to read.

Spelling Mastery – From Year 3 to Year 6, students develop skills in spelling, vocabulary and writing in daily Direct Instruction Spelling Mastery lessons. These highly structured daily lessons develop student mastery in phonemic, morphemic and whole word skills.

Number Sense – From Kindergarten to Year 6, each daily Mathematical lesson begins with the explicit teaching of number sense. The intentional teaching of number sense develops students' ability to process numbers and flexibly and efficiently make calculations.
