MESSAGE FROM THE HEADMASTER

Congratulations to the Class of 2021! The College joins with all families to celebrate and recognise the excellent Higher School Certificate results attained by our Year 12 students.

The 2021 results indicate exceptional individual achievements and importantly, reveal the strong performance of the cohort. One statistic that I am particularly thrilled with identified that 89% of the subjects offered at the College achieved a mean at or above that of the state. This particular measure represents the highest result in the College's history. Importantly, it reflects the hard work of the entire grade and not just the efforts of a few high performing students.

I wish to congratulate all Year 12 students for their resolute commitment to finishing well. Despite the enormous challenges that all students endured during their final year of school, the Class of 2021 remained optimistic and steadfast as they faced the various hurdles and disappointments that presented in the lead up to their final examinations. As a community, we are thankful for your character and these results reflect your courage and integrity alongside many other excellent character qualities.

For some, these results reflect just the start of your studies. Others in the grade will be moving straight into the workforce and immediately applying their skills and learning their trade. I pray that all 2021 graduates carry with them, whatever path they follow, a deep appreciation of the gift of learning. When we learn, we open ourselves to the opportunity to experience awe and wonder and to marvel at God's creation. When we learn, we are sharpened and further equipped to challenge, explore and discover. Importantly, when we learn, we can be made softer, more compassionate and open to thinking about the needs of others.

Keep learning. God bless the Class of 2021.

Dr Scott Marsh
Headmaster

HSC ACHIEVEMENTS

89%

of the subjects offered at the College achieved a mean at or above that of the state.

78%

of students achieved at least one subject in the top two performance bands.
